Mr. Boudreau asked where the Information Systems Division fits into the OP organization. I told him we are a Division of the Deputy Director of Personnel for Policy, Analysis, and Evaluation which is under the Director of Personnel. Mr. Boudreau asked for the names of the Director of Personnel and the Deputy Director of Personnel for Policy, Analysis, and Evaluation, which I provided. He also asked what other activities were in the DD/PA&E, and I mentioned PMCD and Policy & Review Staff. Mr. Boudreau asked if we had ever done any analysis on personnel losses as a result of Offices moving from one building to another within the Metropolitan Area. I told him not to my knowledge. When Mr. Boudreau asked for the current Agency personnel ceiling, I informed him that I would need authorization before I could provide him with any specific personnel statistical data. He did not pursue that further.

We felt absolutely no pressure from either of these gentlemen and the total conversation stayed on the subject of data that could be related to space planning in the Metropolitan area. Mr. Boudreau expressed his desire to get the aforementioned data by the week of 8 December 1986 but said he did not want us to go to a great deal of trouble to provide it. We left it that I would clear their request with [redacted]. He said he would expect to hear from [redacted] if there was any problem with the data request.
